

Communities That Care Data Workgroup

6/5/2017 6pm Lakeside

Present: Chair Cindi Parker, Sherry Gilliland Cheek, Terry Lerma, Lynn Krahn

We reviewed the slides for the presentation. We fine-tuned some of the slides and settled on the order of presentation of the risk factors and protective factor that we've chosen to prioritize. We need to finish the notes for the slides for the presentation.

There will be presentations to the School Boards of Baraga, L'Anse and Sacred Heart School Systems. There will be a presentation to the Key Leaders. There will be a meeting with the Public Relations Work Group. The last presentation we make will be for the whole group and this will be followed by the vote.

Cindi will communicate with the schools by the end of the week to find out dates for the School Board meetings. At that point, we can finalize who will actually be doing the presentations.

Terry will write the notes for the Low Perceived Risk of Drug Use slides.

Sherry will write the notes for the Depression Symptomatology slides and for the Low Commitment to School slides. She will also track down the notes from the presentations done in 2015 so we can update the notes to fit our current slides.

Cindi will write the notes for the Family History of Antisocial Behavior slides and for the Interaction with Prosocial Peers slides. She will also make the changes to the slides that we discussed this evening and send them to us via email to review.

Our next meeting will be a run-through of the presentation. Lynn will bring a projector plug-in that we can use for the run-through.

Tentatively, our next meeting will be Monday, June 12 at Lakeside.
